TIMES UNION **Salute to**   
**NURSES**

**EVENT DATE: WEDNESDAY, OCTOBER 14, 2020**

Capital Region nurses have been the backbone of the fight against COVID-19. Now, the Times Union and St. Peter's Health Partners are proud to team together to honor them in our Sixth Annual Salute to Nurses section and virtual luncheon. And, we want you to help!

We have collected over 600 nominations from throughout the Capital Region. Our special team of judges will choose the 10 winners and 15 finalists – all of whom will be featured in the section and during the virtual luncheon. You can be a part of this special celebration of local front line workers by purchasing a package on the right. This will allow your company and brand to align itself with a leading area brand, while also acknowledging all the hard work nurses have put in over the past six months.
