

We make life easy for you at The Healthy Café Catering Company!!

Company founder, Betsy Manware

How long have you been in business?

We are entering our 16th year in business and recently purchased a Commercial Building in Albany, NY!

I have worked in food service for over 25 years since graduating with a Health Education Degree from Russell Sage College. I managed a food vending truck at the state Capitol before starting my own business. As the owner of the company, I'm not in the kitchen as much as earlier days. I am responsible for marketing, proposals, contracts, logistics and client relations. I have a dedicated, creative and talented staff with Head Chef Alyson Lyons and Chef Nicole Davison. They make my job so much easier so I can concentrate on event planning and weddings.

Specialty?

Our specialty is pleasing our customers! I strongly believe that customer service is the biggest ingredient to a successful business. My staff and I work hard to accommodate and appease our customers every step of the way! Being kind and helpful goes a long way!

Holiday's?

For the Holidays we offer several packages for your Corporate or family party designed to take the stress out of cooking. We also have an a la carte menu available for pick until Christmas Eve morning.
